

Job Announcement Adjunct Science Instructor, 2009

Youth Science Institute (YSI) is a nonprofit Silicon Valley leader in hands-on science education. We partner with nature to teach science to 30,000 pre-school through 12th grade students annually. YSI school programs, after-school programs, and summer camps bridge today's critical science education gap to inspire enthusiasm for science and a love of learning. At YSI, children develop the critical thinking skills necessary for academic success, and forge connections with nature that foster personal vitality and stewardship.

YSI's programs cover a variety of topics and take on a variety of forms - from nature hikes on our local trails, to making lots of noise in a study of the physics of sound, to indoor live animal programs where students get to touch snakes, turtles, and more. YSI programs are hands-on, experiential, and inquiry based.

Programs are taught at public and private schools, and at our three Santa Clara Valley nature centers – Alum Rock Park in San Jose, Sanborn County Park in Saratoga, and Vasona County Park in Los Gatos.

Responsibilities

- Teach hands-on environmental, biological, and physical science programs to pre-K – 12th grade students
- Teach children in an engaging and enthusiastic manner
- Read and understand program curricula
- Ensure the safety and well-being of children
- Exhibit maturity, diplomacy and common sense in working with parents, children, and staff

Desired Qualifications

- Ability to teach children grades pre-K through 12th
- Degree in science, education or environmental studies preferred; similar coursework is helpful
- Excellence in the following skill areas:
Written, verbal and visual communication; planning and implementation; working independently, and working collaboratively
- Demonstrated commitment to excellent customer service
- Self-motivated, flexible and energetic
- Willingness to learn new skills
- Personable individual who enjoys working with the public
- Ability to lift and carry 30 pounds for short distances
- Ability to sustain physical activity, such as hiking
- Posses a valid driver's license, proof of insurance, and have access to a car

Terms of Employment

- This is an on-call position.
- Salary range is \$12.60 to \$14.70 per hour depending on experience and education.
- Any offer of employment is contingent upon finger printing, background check, and TB test. The finger printing and background check are done at the expense of the applicant
